Chris –

Not knowing exactly when/how you may have an opportunity with Lee and Dave, here is an updated version of the briefing paper we did for you, including an updated version of the table that summarizes the action by segment/pollutant. As I mentioned, I believe Dave received copies of the original package we provided to you for your 5/21 briefing.

The further summary of the table by category is as follows:

Ex. 5 Deliberative Process (DP)

Please let me know if you want us to put together anything more/different.
